

First Announcement

11th SOLARIS 2021

International Symposium
on Solar Energy and
Efficient Energy Usage

7-10 September 2021, Tokyo, Japan
Shibaura Institute of Technology

3-9-14 Shibaura, Minato-ku, Tokyo 108-8548, Japan

SOLARIS 2021 will include plenary and keynote lectures and oral presentations on topics:

Solar radiation measurement and modelling
Solar thermal energy usage and conversion
Solar photovoltaic (PV) generation
Solar technology and energy systems for buildings
Energy storage, transport, insulation & materials
District heating/cooling
Solar energy markets and political aspects
Wind power and biomass energy

Looking forward to seeing you in Tokyo.

Host Organization
The Heat Transfer Society of Japan
